- When all shooters have checked in, Match Director declares the range cold and all shooters will place their targets down range.
- Once all targets are in place, Match Director declares the range hot, and when all shooters are ready, Match Director gives the command to commence fire and the 45 minute clock starts. During that time shooters may fire as many sighters as they choose, but may only fire 25 shots for record, one shot on each of the 25 scoring bulls on each target.
- When the end of time is called, all shooting ceases, and rifles are made safe. When all rifles are safe, the Match Director gives the command for range cold, and all shooters retrieve their 1<sup>st</sup> targets and place their 2<sup>nd</sup> targets.

- When the end of time is called, all shooting ceases, and rifles are made safe. When all rifles are safe, the Match Director gives the command for range cold, and all shooters retrieve their 2<sup>nd</sup> targets.
- Shooters then pass both targets to another shooter for scoring. The target is returned to the shooter for score verification. When all targets are scored and verified, they are turned in to Match Director for determining placing.
- The Match Winner shall be the high aggregate score. The high card, if not the Match Winner shall receive a recognition award.
- Shooters return target holders and police their brass. Our goal is to leave the firing line and range cleaner than we found it.
- Match Director declares range hot and shooters put away their firearms.
- Scores announced.

**Scoring:** Best edge scoring will be utilized. The scoring guide is shown. Only one (1) shot will be scored on any bull. If a shooter shoots outside the 4 ring on any bull, it will be scored as a missed shot. **If 2 shots are fired into one Bull there will be a -10 point penalty on that Bull. If you skip a OR miss a Bull, there will be a -10 point penalty on that Bull as well.**

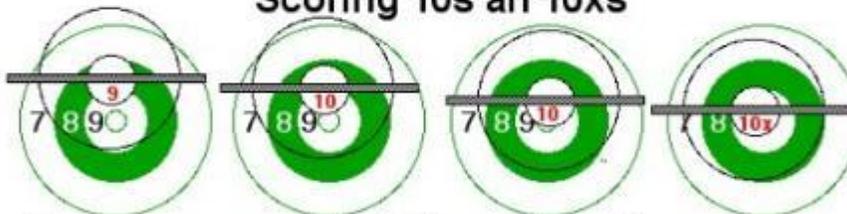

Total score from all 25 bulls is for record.

Ties will be broken based on 10X count. In the event of a tie based on total X-count, the tie shall be broken based on the earliest X. If the tied shooters both shot their earliest X **at the same sequential shot** on the same target, the tie shall be resolved in favor of the individual **whose next sequential X supersedes the opponent.** **Following sequential shots shall be compared until a superior X is found.** If **this method does** not break the deadlock, the two scores will be reported as a tie.

### Scoring the USBR Target #1

### Scoring 10s an 10xs

If you see any green of the 10 ring peeking out from under the edge of the gauge flange it is not a 10x.

All three of these shots score 10x.
